Presents

**Bridging the Gap Between Medicine and Dentistry:  
Total Health Approach to Patient Care  
6 CEU's\***

Guest Speaker

***Susan Maples, DDS***

Calling ALL Medical and Dental Teams!

Would you like to reposition your practice as a leader in your community and attract health-valuing patients like never before? Would you like to inspire patients toward a lifetime of dental and overall health?

Today is a day to learn about all the clues the mouth has to offer in predicting and preempting the most prevalent diseases threatening our population – and facilitate life-changing behavior to support health. Learn how the trends in lifestyle related illnesses such as obesity, diabetes, heart disease, sleep apnea and acid reflux closely intertwine with periodontal disease, caries and oral cancer. Systemic disease screening, intervention and facilitation are possible, right in the dental chair. This program will help you add new sources of revenue, lift your morale, attract quality new patients, and build medical-dental referral relationships.

**Friday, December 1, 2017  
8:30 am – 3:30 pm  
6 CEU's**

-----

**Course Objectives:**

- Identifying the many links between oral disease and systemic disease
- Recognizing risk factors and using screening tools for systemic diseases
- Shifting from drugs to food for health
- Facilitating lasting health change behavior in children and adults
- Building infant, children, teen & geriatric systemic health programs
- Networking with medical practitioners for awareness and co-referrals
- Niche marketability of the Total Health Practice in your community

*Dr. Susan Maples leads a successful, Total Health Dental insurance-independent practice in Holt, Michigan. She brings preventive and restorative dental expertise, a passion for mouth-body total health, a master's degree in business/marketing, and 30+ years of experience in private practice. In 2012 Susan was named one of the Top 25 Women in Dentistry and one of the Top 8 Innovators ("disruptors") in Dentistry, and recently received the Lucy Hobbs Mentor Award. She is the author of BlabberMouth! 77 Secrets Only Your Mouth Can Tell You To Live a Healthier, Happier, Sexier Life and the developer of the Hands-On Learning Lab™, an interventional science-based learning program for dental patients and SelfScreen.net, an educational screening tool for patients and clinicians to uncover signs of illness such as Pre-Diabetes/Diabetes, Obstructive Sleep Airway Disorders, Acid Reflux, and Chronic Inflammation. Susan is also co-investigator in an award-winning diabetes research study entitled Diabetes Detection in the Dental Office and is currently launching Total Health University, a robust online learning curriculum for dental teams to develop a Total Health Dental Practice, exclusively distributed through Henry Schein.*
